

## Java Developer - DoD Clearance Required

Vissat Solutions – Herndon, VA

### Job description

#### Job Summary

We are seeking a skilled Java Developer to join our dynamic team. The ideal candidate will be responsible for designing, developing, and maintaining high-quality software applications using Java and other programming languages. You will work collaboratively in an Agile environment, contributing to all phases of the software development lifecycle while ensuring the delivery of robust and scalable solutions.

Agency: DOD

Visa: Must be a US citizen

Clearance: DOD public Trust Clearance and/or CAC desirable

Rate: Based on consultant's experience and interview

Duration: +6 months

#### Duties

- Develop and maintain Java-based applications, ensuring high performance and responsiveness.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Troubleshoot and debug applications to optimize performance and resolve issues.
- Participate in code reviews to maintain code quality and share knowledge with team members.
- Implement best practices for software development, including version control using SVN.
- Stay updated with emerging technologies and industry trends to enhance development processes.

#### Skills

- Proficiency in Java programming language is essential.
- Proficient in Java, JS with a good knowledge of its ecosystems
- Proficient in TypeScript development
- Expert in understanding and building of RESTful/SOAP web services
- Experience with relational databases(Oracle) and writing complex queries using SQL/Stored Procs

- Solid understanding of object-oriented programming
- Good knowledge of Java, Java Script & Spring Framework (JDBC, MVC, MVVC)
- Good knowledge of UI/HTML5/CSS3/JavaScript/AngularJS (Node.js, Sencha Ext.js is a plus)
- Familiar with various design and architectural patterns
- Skill for writing reusable Java/JavaScript libraries
- Knowledge of concurrency patterns in Java/JavaScript
- Implementing automated testing platforms and unit tests - for Java and JavaScript
- Familiarity with continuous integration & delivery(CI/CD)
- Excellent communication and interpersonal skills
- Ability to work independently and collaboratively
- Ability to multitask in a dynamic environment

If you are passionate about software development and eager to work in a collaborative environment, we encourage you to apply for this exciting opportunity as a Java Developer!
